

## DEGREASER

CLEANS-ALL: A non-caustic versatile degreaser, It is designed for in the interior and exterior of a vehicle. It is also used for washing carpets, upholstery, landau roofs and wheels. It is an excellent product for removing upholstery and carpet stains.

WHITE WALL CLEANER: It is designed for the cleaning of grease stains, road grime and brake dust, on wheels, wheelwells and tires. It acts quickly and specifically targets the worst buildup while dissolving grease and grime with ease. It is medium foaming and contains ingredients that allow for easy rinsing. Other uses include cleaning lightly soiled carpets as well as cleaning rubber surfaces.

HOME RUN DEGREASER: This product is formulated for heavy duty degreasing. It is a highly effective cleaner for interiors. It can also be used on automobile engines that are not too soiled. It is safe to use on aluminum engines. It cleans wheels, tires, rugs, carpets and tapestries. It is a medium to low caustic cleaner that will not stain surfaces.

## DEGREASER

**PURPLE STUFF DEGREASER:** *This is a highly alkaline and caustic formulation. It creates a high foam that is very effective for cleaning soiled engines and chassis. It is designed to clean the most difficult jobs and is a fast-acting emulsifier that thoroughly cleans concrete floors and ferrous surfaces. Not recommended for use in aluminum engines or other aluminum surfaces de concreto y superficies ferrosas. No se recomienda usarse en los motores o superficies de aluminio*

**PRO GREEN DEGREASER:** *Since this formulation is pH neutral, it can be safely used on all painted surfaces as well as aluminum and chrome. While it is non-caustic, it is still aggressive. Its low foam action works well on sensitive areas like indoor carpets, upholstery and door frames. It is designed for use in the combined cleaning and dirt extractor machines that use "ALL PURPOSE SHAMPOO". This formulation will not stain.*

**PRO RED DEGREASER:** *This is a professional strength cleaner. The abundant and rich foam lifts and removes dirt and oil and rinses clean. It is a fast acting, medium caustic cleaner that works well on most surfaces as well as chrome. For aluminum and clear coat surfaces, dilute the product and use with caution.*

## DEGREASER

WAX STRIPPER: It is a fast acting & professional strength degreaser. Designed for cleaning car engines, extremely dirty aluminum engines; plastic, rubber, hoses and other engine parts with only cold water. Removes wax buildup on floors and other surfaces. It helps to revive the colors of these surfaces, it will not stain or scratch.

PRO BLUE DEGREASER: This professional formulation is highly alkaline and caustic. It is designed for cleaning ferrous car engines, chassis and concrete floors. Additionally, it cleans metal or ferrous parts by quickly dissolving dirt and grime buildup. The formulation is an excellent wax remover for floors and is designed for the hardest and dirtiest applications. Do not use aluminum engines and surfaces because it will stain. Shake well before each use.

BLACK DIAMOND SUPER DEGREASER: This professional formulation is designed for cleaning the grimeiest aluminum car engines and parts. It is super safe and quickly dissolves heavy grease, grime and deep stains. While it is a professional strength, it does not contain acids or solvents.

## DEGREASER

MARQUE DEGREASER: *This professional grade formulation is made from degreaser, citrus and acids. It produces an extremely high foam that removes even the most stubborn stains. It removes dirt and grease without rubbing or scrubbing. This cleaner is a great product for concrete floors, aluminum surfaces and stainless steel. This product contains brighteners for concrete. Please shake well before each use.*

UNIVERSAL CLEANER: *It is a very foamy medium thick pH neutral cleaner. It can be used for cleaning vinyl, plastic, leather, painted surfaces, carpets, chrome and aluminum without staining. This unique formulation is shampoo-degreaser based that clings well to verticle surfaces.*

CLEAN& BRIGHT: *It is combination cleaner that is used to clean whitewall tires. And it is used as a despotter, and stain remover for white clothes. It is never to be used on colored clothes. It contains whiteners, brighteners, and also a disinfectant. With our product you never need to use chlorine. It leaves clothes clean and bright without using chlorine. Other uses include cleaning bathrooms, removing fungi, mold and hard to remove old shower soap.*

## DEGREASER

MEAN GREEN: is a pH neutral multi-use interior cleaner. It produces high foam to easily lift and suspend dirt and grime. It is designed to clean all types of painted surfaces plus plastic, vinyl, leather, carpet and upholstery. For best results, dilute Mean Green one to one with water.

XTREME TIRE AND WHEEL CLEANER: It is a pH neutral tire and wheel cleaner. It is a super safe cleaner for all types of wheels. It will not stain or damage polished aluminum, clearcoat, aluminum, chrome, magnesium, or painted wheels. It is a light viscous product that clings well to verticle surfaces which enhances rapid and thorough cleaning.
